The Nispetiye On project, which is built on a total closed area of 36,000 m2, started deliveries at the beginning of 2015. The project includes approximately 11,000 m2 of residential and 11,000 m2 of commercial space. The 14,000 m2 area is planned as a very large service area for the residents. The project was built as a single block with 9 floors of residential units, 4 floors of commercial units and 3 floors of parking lots. Thanks to the ventilation systems designed in accordance with LEED criteria, air permeability between the apartments is minimized, preventing disturbances such as food odors and neighbor's cigarette smoke. Centrally located Nispetiye On project is facing both Nisbet ...
